About OMART Training & Development

Early Childhood Education professional development training is our specialty and area of expertise. As a director or facilitator, you will be creating a larger vision for your child care program. Let us show you how to perform your job as a center director with motivation, and creativity.

Committed to empowering people through coaching, mentoring, training, and consulting to develop and assure quality innovative programs and excellent services for the universal benefit of mankind and the early childhood education community. We have successfully trained, consulted, and placed over 1,500 child care practitioners in the Philadelphia communities. We have successfully helped over one hundred new start-up daycare owners. We work with over five hundred daycare owners in the Tri-state area to provide professional development training and mentoring to their staff. We have been facilitating and teaching CDA courses since 2005.

Some of our clients include Philadelphia Youth Build, School District of Philadelphia, Juvenile Justice Center, Face Forward 2, Porter's Education Center, Apple Childcare, Woodland Academy, Memorable Moments, Parent Infant Center, Les Petit Cherubs and The Penn Center just to name a few.

Child Development Associate (CDA) (Online & On-Site)

The Child Development Associate (CDA) Credential™ is based on a core set of competency standards, which guide early care professionals as they work toward becoming qualified teachers of young children. The Council works to ensure that the nationally-transferable CDA is a credible and valid credential, recognized by the profession as a vital part of professional development.

CDAs have knowledge of how to put the CDA Competency Standards into practice and understanding of why those standards help children move with success from one developmental stage to another. Put simply, CDAs know how to nurture the emotional, physical, intellectual, and social development of children.

Earning the Child Development Associate (CDA) Credential™ has many advantages, including exposure to the larger community of early childhood educators. Over 300,000 educators have received their CDA to date!

Becoming a CDA is a big commitment, but one that creates confident practitioners with command of today's best practices for teaching young children.
